Invitation To Submit Bids On Printing County Delinquent Tax List Sent May 11; Quotations Excepted 'Til 10 a. m. May 13

Well, we always thought Daly City was in San Mateo County—even though in the Northern Section thereof—and we suppose even the county officials are aware of it, though somewhat tardily at times. Oh well, guess the county boys just "forgot" again.

Above is a photo reproduction of an envelope, front and back, along with a reproduction of a notice requesting a bid on printing the county delinquent tax list and addenda. The letter was mailed in Redwood City on May 11, 1949 at 5 p. m. It was received at 9 p. m. May 11 in the San Francisco Post Office—therefore we did not receive same until the following day, May 12.

However, bids are closed as of 10 a. m. the next day—May 13—as is shown in the "Request for Quotation" form, a photo of which appears above. This allows the bidder just one full day to submit a quotation on said job, including the time it takes for the return letter in transit.

Now, we would like to ask if other parts of the county were given the same treatment or, seeing that our plant is in Daly City (the Northern Part of San Mateo County, of course) did the boys just "forget" again?

Informal Tea Given To Workers In Red Cross Drive

On Friday afternoon of last week the American Red Cross chairmen of Colma district, Mrs. M. Pauline Brown, Mrs. Jean Brugge, and Mrs. Margaret Damon, gave an informal tea to all workers in their district. Among those present were Mrs. Margaret Damon, Mrs. Jean Brugge, Mrs. Lee Johnson, Mrs. Robin Kelleher, Mrs. Ann Morris, Mrs. Maryann Patey, Mrs. Dorothy Swoverland, Mrs. Hazel Colwell, and Miss Helen McGregor.

Miss Helen McGregor, from the San Mateo American Red Cross Chapter office, answered numerous questions and paid a tribute to the earnest endeavors of the Colma workers. She said, "The chapter office realizes the new and unexpected difficulties our district had encountered." She added that Colma should be proud of having collected contributions to the amount of $1569.67. Her words were so encouraging that the group formed plans for next year's campaign.

Coffee, cake, and cookies were served by the hostess, Mrs. M. Pauline Brown, assisted by Mrs. Margaret Damon and Mrs. Jean Brugge.

Several promised contributions to the Red Cross are still to come in. It is just possible that Colma may meet its quota of $1800 as usual.

Past Presidents, Legion Auxiliary, Meet At Lyle's

Past presidents of the Daly City Unit No. 410, American Legion auxiliary, enjoyed an evening at Lyle's Restaurant last Wednesday, May 11.

Those in attendance were Rose Giorni, Naomi Murphy, Mary Crane, Leslie Hansen, Kathleen Matzek, Margaret Kenney, Olga Bordson, Marcie Trier, Julia Jordan, Hilda Prizborowski, Catherine Foreman, Lillian Felch, Grace Hill.

Over 300 Attend Grand Opening Of D. C. Boys Club

Over 300 persons attended the recent opening of the Daly City Boys Club at 2 Hillside boulevard. Over one hundred boys signed up for membership in the group with another hundred waiting for enrollments pending an additional supply of registration cards.

The group will hold meetings every Tuesday at 7 o'clock.

Refreshments were served by the ladies' committee: Mrs. Arnaudo, Mrs. E. Clark, Mrs. Everett Gray, Mrs. J. Lawkowitz, Mrs. Beecher, Mrs. F. Lombardi, Mrs. Petrocchi. The refreshments included hot dogs, cake, pepsi - cola and ice cream.

Firemen Report Big Success At Annual Ball

Chief Elmer Kennedy and the Daly City Fire Department extended thanks this week to all those who contributed so much to make the annual Firemen's Ball of May 7 the success it was. Kennedy said, "The public response exceeded our expectations and we feel this was no doubt due to the fine publicity given by the Daly City Record and local theaters whom we also thank."

Awards that evening went to Mrs. Joseph Wagner, 1459 34th avenue, San Francisco, radio; Byrne Radio, 6241 Mission street, toaster; J. Vobone, 3 Muirwood drive, pressure cooker; Mrs. O'Connell, 134 Winchester street, mantle clock; William Viola, 5894 Mission street, electric iron; John C. Kollman, 185 Miriam street, electric clock; K. Hall, 112 Garden Lane, toilet seat; A. Lyon, 86 Muirwood drive, electric clock.

Only complaint to come out of the evening's gaiety was the mixup of two red coats, one belonging to Mrs. Leo Kusber and the other, who knows? The one Mrs. Kusber has is too small and is no good to her, so if there is anyone who has a red coat that is too large please contact Elmer Kennedy or Mrs. Leo Kusber and an exchange will gladly be made.

Passaglia Suit Is Dismissed For Lack Of Evidence

Dismissed for lack of evidence early this month, was the suit against William Passaglia, 799 Hillside boulevard, for the death of Donald W. Scherbarth. Scherbarth, who formerly lived at 50 Garwood avenue, was injured by Passaglia's car while he was crossing Mission near Alp street. He died two days later but Passaglia was not held by police.

Scherbarth's heirs were suing Passaglia for $15,796. After the plaintiff had stated his case, Thomas L. Bocci, attorney for the defendant, asked for the dismissal on lack of evidence.

The court granted the dismissal as it was pointed out that Mr. Scherbarth was not crossing at an intersection and that the driver was going at a reasonable rate of speed.

DALY CITY YOUNGSTERS NEED INDOOR RECREATIONAL FACILITIES

Two hundred young boys thronged the new Daly City Boys Club hall last Saturday evening seeking admittance to membership of the organization in order that they might enjoy the benefits of the group's recreational facilities.

Their enthusiasm in the organization, sponsored and supported by private individuals, shows the acute need for such facilities. The action of the individuals in giving their time and money to inaugurate recreational projects is very commendable — but why should private individuals be forced to provide indoor recreational facilities for our youngsters!

A pressing want for such facilities have prevailed in our city for some time, but the city itself has failed to assume the responsibility for satisfying it. They have not recognized the necessity of caring for the youngsters, keeping them off the street, out of mischief, and aiding in shaping their characters.

What is the city budget's allocation for recreation for, if not to provide clubrooms, facilities for indoor games if the weather is inclement, and lights on the fields for night games and play if the weather is favorable? Buildings for these could be erected at small cost at Marchbanks and Lincoln parks, if only the city would be willing to finance it.

The public-spirited citizens who have taken the responsibility for our children i ntheir hands should be highly commended, to rthey have attempted to remedy the situation at their own expense. But it is a city-wide job and should be taken over by the city at city expense. It is a job for all.

Let's give those Daly City kids the facilities they are seeking.

ELEMENTARY AND HIGH SCHOOL TRUSTEES TO BE ELECTED THIS FRIDAY

Tomorrow will not be just another day. On that day an election will be held to determine who will be entrusted with the duties as trustee of the Jefferson Elementary district and Jefferson Union High School district. Two will be chosen for the high school board and one for the elementary school board.

As in the past, little or no interest has been shown in school elections and the slight number of registered voters who show up at the polls is appalling.

Urging all citizens to vote are the following candidates for the Jefferson Elementary School district: Mrs. Helen Cheatham, Victor Baher, Joe Lewkowitz, Leonard W. Herrington, and Julius Castelan.

Frank P. Garibaldi will be running against incumbents Peter J. Markovich and Ann Eason for the trusteeship of Jefferson Union High School district.

Polls will be open from 7 a.m. to 7 p.m. at the Jefferson Elementary School, Woodrow Wilson Primary School, Crocker School and the Broadmoor Community center, and from 3 p.m. to 7 p.m. at the Rockaway Beach school and between 2 and 7 p.m. at Sharp Park school. The Bayshore and Brisbane schools will be open for election between 1 p.m. and 7 p.m.

Remember that upon our educational system rests the foundation of our country's future and its citizens.

DON'T FORGET TO VOTE FRIDAY, MAY 20!

Annual Membership Drive For D. C. Concert Association Begins Monday

Final details for the annual membership week of the Daly City Community Concert Association, to begin Monday, May 23, are completed, according to Elman Rose, president of the group.

A last-minute check-up of all preparations is being made over the week end, said Mrs. Marjorie Hanrahan, the general chairman of the association, to insure that the drive will be as successful this year as it was last year.

The campaign will be opened with a Dutch supper held Sunday, May 22, at 6 p.m. in the Broadmoor Community Center. All chairmen, workers and sponsors are invited to attend. Arrangements should be made by calling Mrs. Arlene Blanco at JUniper 5-3971. Mrs. Blanco is in charge of the free campaign supper and is being assisted by Mrs. M. Pauline Brown.

Headquarters for the campaign will be set up in Sprouse-Reitz Co. in Daly City and King's Market in Broadmoor Shopping Center. Tickets will be sold from 10 a.m. throughout the day. In addition 30 workers will be selling tickets in a house-to-house campaign.

Officers of the association, in addition to Mr. Rose, president, are Mrs. Erda Branstetter, vice president; Joseph Leonette, treasurer; Miss Berna Sutton, secretary; Mrs. Verna Duste, publicity chairman, and Mrs. Marjorie Hanrahan, campaign manager.

Price of membership this year will be $5 plus tax, as it was last year. Goal of the committee will be 800 members, which will enable them to have four or five concerts. Last year the group presented three concerts to 500 members.

END CREDIT CONTROLS

The demands of merchants and dealers for complete removal of installment buying restrictions as a means of bolstering the sagging retail sales volume received strong support recently from E. A. Mattison, executive vice-president of Bank of America.

Mattison appeared as a witness before the congressional committee considering an extension of Government power to regulate installment credit sales beyond the present expiration date of June 30.

He declared that an enormous reservoir of purchasing power exists among the millions in the low income group, but that this purchasing power is restricted when high down payments and short terms to pay the balance are imposed on buyers. Great numbers of people, he said, simply cannot buy appliances, automobiles and so on unless dealers are free to give them terms they can meet.

The bank official emphasized that installment credit controls during a period of deflation restrict sales at the very time they need to be encouraged. He went on to point out that there is nothing unsound about long term payments to responsible buyers, and he cited the experience of Bank of America whose losses on nearly seven million installment loans involving more than $2½ billion during the past 14 years had amounted to only about ¼ of 1 per cent. Payment periods varied from 1 to 5 years.

Mattison also referred to U.S. Department of Commerce figures which reveal that even during the depressions of 1921 and 1933, the loss on installment sales has not exceeded 1½ per cent ½ far less than the losses on stocks and bonds, real estate and merchandise inventories.

It is to be hoped in the interest of a sound economy that his testimony, together with that of others who recognize the necessity of freedom in consumer credit transactions, will induce Congress to end Government installment controls on June 30.

A STATE "HOOVER" COMMISSION

California should follow the lead of the seven other states which have established "little Hoover" commissions of their own.

With the State's rapidly growing population, its complex social and economic problems, and its already oversize governmental structure, a study of the administrative setup would be very much in order. If such a study is undertaken, however, its findings should be acted upon. It's neither intelligent nor economical to find ways of increasing efficiency and of cutting costs and then ignore or thrust these proposals aside. That, unfortunately, may be the fate of the recommendations made by the Hoover Commission unless awakened public interest forces their adoption by Congress.

The proposed billion dollar budget now being considered by the Legislature — a budget which substantially exceeds even that of New York—is one indication of a need for cutting costs somewhere along the line. Our State administrative machinery, much like that of the Federal Government, has been expanded without adequate thought being given to the overall setup. Now it is badly in need of streamlining.

If State revenues decline during the next few years as they may be expected to do in a period of deflation, we'll be better able to cope with the situation if there has been a general overhauling in Sacramento. So, let's get at it.

CONCERTS AND THE COMMUNITY

In 1930 both artists and concert managers were foretelling the twilight of the concert era. Not even the big-name artists were able to compete with the local movie house and the radio in the average American town. Only the large cities were able to support a concert season, and even there it took a national celebrity to fill a concert hall. Younger artists, just as competent to entertain but without a nationally known name, did not stand a chance.

But out of this gloomy picture there was born a new idea, one that not only has helped to keep the concert stage alive, but one which has brought a Carnegie Hall to towns which had never before considered the possibility of a concert season. This was the Organized Audience movement as set forth in the Community Concert Series plan.

The success of the organized audience movement rests upon the unselfish efforts of volunteer committees and campaign workers who make possible permanent concert series in their home cities by perpetuating non-profit membership audiences. As a result of the interest and efforts of these local volunteer workers, great music through great concerts is being enjoyed in almost every town and city in the United States and Canada ranging in population from a few thousands to the millions.

The first Community Concert Association in Daly City was organized in 1948. This week volunteer workers will invite you, the citizens of Daly City, to join their Community Concert Association.

By becoming a member of the association you will be doing much not only to provide the town with local entertainment but also to advance the general appreciation of good music well performed. The possibilities offered through the Daly City Community Concert Association are limited only by the response of the local public.

Sitting pretty on the lap of South San Francisco Chief of Police Louis Belloni are three beautiful candidates for Miss South San Francisco. They are (left to right) Joan Feeman, Lenna Womack, and Kathleen Antill. The winner of the contest will be selected at the Coronation Ball Friday, May 27, at the American Legion Hall in South San Francisco. The event is sponsored by the South San Francisco businessmen.

All Washed Up

The sidewalks of New York get a beauty treatment as early morning passers-by watch the S. S. The new machine used above can be converted for snow removal.

Raccoon, Fighter

Raccoon is a fine swimmer, and like a monkey, he has four hands instead of feet. Many a good hound has been drowned because a coon sat on top of his head until he quit bubbling.

Farm Ponds

Use of farm ponds to supply stock water has become a common practice in areas where wells are not dependable.

Recently two people lost eight monthly payments of their Old-Age and Survivors Insurance because they thought they had to be in need to collect it. They did not know that it is insurance which can be collected despite other income from rents, profits, dividends, interest, private insurance, and other investments.

Salvage Drive And Dinner Slated By Pershing P.T.A.

The General Pershing P.T.A. executive board met at Mrs. George Freeland's, 156 Irvington, Tuesday night, May 17, in a special meeting to discuss the coming salvage drive and dinner to be given June 1 from 6 p.m. to 8 p.m.

The dinner will be given at General Pershing school and is open to the public. The price will be $1.25 per plate for adults and 50c for children. The menu will include roast pork and applesauce, mashed potatoes, peas and carrots, rolls, coffee, and whipped jello.

The food will be home cooked. Here is an excellent opportunity to take an evening off from kitchen chores and sit down to a good dinner in your own neighborhood.

The salvage drive is slated for the week of May 23. Bags will be sent home by the school children and parents are asked to contribute any old material except silk or rayon, that is 8"x12" in size or over. The materials need not be wearable, as this is strictly a salvage drive, not to be confused with a rummage sale. The cooperation of all parents will be appreciated.

It is also requested that parents send bags back to the school with children whether full or empty, as a charge of two cents apiece is made for all bags not returned. A small prize is being offered to the children for each bag returned.

Announcement was made at the request of Mrs. L. M. Hill, 127 Templeton, of a Mothersingers concert Friday night to be held at Everett Junior High school, 17th and Church streets. Tickets are 50c and are available from Mrs. Hill and Mrs. William E. Hobbs, 8 Risel street.

The next executive board meeting will be held May 20.

Four little story books, "A Day on the Farm," "Famous Fairy Tales," "Shopping With Peter and Penny," and "A Day in the City," were presented to the kindergarten class at General Pershing school May 10 by Mrs. George Freeland, president of General Pershing P.T.A., for having the most mothers present at the installation dinner.

Mrs. Freeland explained to the class why the books were presented and Mrs. Ellen Clark had the class thank Mrs. Freeland in unison. Little Joan was asked to express appreciation to Mrs. Freeland for the books.

One little boy, Eric, was so pleased with the little books that he called after her, "Good bye honey," when Mrs. Freeland was taking her leave.

Mrs. Cheatham Is Well Qualified For School Trustee

Dear Voters:

Please lay aside your chores for a few minutes today and go to the schools in your neighborhood and vote for your representative on the elementary school board.

Don't be deceived by political promises and veiled issues. A non-salaried position is drawing great interest from big names and big operators in the district. Oddly enough their interests don't always point to children or education.

We have a non-political candidate to offer the district today, and a woman seriously concerned with education and child welfare. This is our chance to start clearing out political factions and getting on with the business of books and pencils. Mrs. Cheatham has pledged herself to the cause, so let's support it and come and vote.

Joseph Lewkowitz Asks All Voters To Cast Ballots Friday

Joseph Lewkowitz, candidate for trustee of the Jefferson Elementary School district, this week stressed that every voter should turn out for the school election Friday, May 20.

"I want to ask you folks, whether you vote for Mr. Castelan, Mr. Baher, Mr. Herrington, Mrs. Cheatham or myself, please come out in force and show that you are interested in how our children will be educated and to ensure them the proper facilities for their education now and in the future.

"We need a person with children going to school that will meet each problem and make fair decisions and help run a good school business administration.

"Also, may I remind you there should be no factions. All parents from all our districts should pull together."

Joseph Lewkowitz is a father of six children, four boys and two girls. Five, at present are going to school in the elementary school district and next year there will be another Lewkowitz child in school here.

Mr. Lewkowitz belongs to the Colma - Daly City Lions Club, Colma-Vista Grande Eagles Lodge, Daly City Merchants Association, Daly City Rod and Gun Club, California Mission Trails Association, Local 278 Teamsters, and Local No. [illegible] Electricians. He is a temporary neighborhood scout commissioner.

The candidate is in business in Daly City at 3356 San Jose avenue, where he operates the Daly City Hancock Super Service, opposite the Bank of America.

New Office For Vet. Affairs Dept. Opens In S.F.

The San Francisco office of the State Department of Veterans Affairs, which serves veterans in San Francisco, Marin and San Mateo counties, has moved to new and more convenient quarters at 515 Van Ness avenue, Room 413 — just a block from the War Memorial building.

The office has been located for the past ten years at 417 Montgomery street.

In announcing the move, Don M. Leidig, district manager for the Department's Division of Farm and Home Purchases, said the new location would be more readily accessible to veterans seeking information and assistance in financing homes through the State's low-cost plan.

William C. Anderson and William R. Hoffman will continue as appraisers in charge of the San Francisco office, Leidig said. The new telephone number is MArket 1-7831.

The principal office for the Oakland - San Francisco district, which takes in Bay Area and Coast counties from Monterey to Del Norte, is at 2129 Grove street, Oakland. There is another office in San Jose, at 852 The Alameda.

The many friends of Mrs. Edna Kapelowitz, the former Edna O'Brien, will be glad to hear that Edna has returned home from her recent illness. She will stay with her sister, Lucille Farrall, in Santa Cruz until her husband and two sons can return to the states. They have been in Anchorage, Alaska, for several years. Mr. Kapelowitz is a captain in the Army.

Edna has been in the Letterman hospital for eight weeks. She flew down from Alaska.

Sheepskin handouts by the college are less than a month away when a bulging record total of 1,100 certificates will be awarded. Commencement ceremonies will be staged in the sumptuous Opera House on Friday, June 17. This biggest ever graduation spectacle will see BA degrees scattered to students of last year's summer and fall classes along with the present crop.

Any resemblance to the GI element on the campus will be purely evident next semester when courses in Military Science are resumed. Military history and policy of the United States, Coast Artillery drill, and other exercises are on the agenda. For all interested in working for Uncle Sam in the khaki service in the future, the program is heartily commended.

Britisher Paul Ellison did a good job of directing the Late Christopher Bean which concluded a six-evening run last night. Among the cast were Mary Ann Stewart, Mary Cooke, Hewitt Kendall, Dave Irvine, Ilse Faltin, and William Zamora. With such monikers no wonder they're out for show business.

Armand Magid, a little guy with a gift for gab, is herein complimented for his many abilities as one of the best of the institution's debaters. A few weeks past Armand got to the finals of a city-wide weet with his logical and exact manner of reasoning. On the fire for the squad before long are verbal duels with groups from Cal, Stanford, Mills College, San Jose State, and College of the Pacific.

ATHLETIC DOINGS

Modesto's invading nine proved also vanquishing last week as the inlanders bounced Bill Fischer's Rams twice, 11-9 and 4-3. The setbacks gave the Pirates undisputed tenancy of second place in the league behind gonfalon grabber San Mateo with a mark of nine wins and three losses. Our side slipped for a final count of 7-5. Scrappy Lou Williams, second sacker, pounded out 12 hits in 23 trips to the plate for a .522 average, topping the locals. Outfielders Lou Pisani and Fred Payne socked .424 and .423, respectively, while Jack Buckowatz hit .333 and led in rbi's with 13. Others in the "300" club were Tom Bournellis with .325, catcher Bob Frieldman, .312, and Ray White, .308.

Bournellis thefted ten bases for a first in that category. Home run leadership was shared by Payne and White with a surprising low output of one apiece. Slab totals placed Ron Kiefer with 4-3, Bob McGovern, 2-1, Lee Jones, 1-1, and Bob Mooney, relicfer, even stephen with zero-zero.

Ralph Hillsman's golf squad captured the conference championship Monday as the Rams turned back northern division winner Vallejo 10-5 at Sonoma. The locals snared the southern bracket crown earlier, in stopping San Mateo, which had held them to a standoff in their first meeting. Standouts for the new kingpins are Bill King, Bob Payne, Dick Farley, Art Larsson, and Don Payne. Other members of the Hillsman group are Vince Holian, Joe Hanlon, Russ Bigelow, Bill Montgomery, and Art Baumgartner. Nice going, fellas! Today they engage in medalist play in the NCJC tournament in Palo Alto.

Grover Klemmer and four of his tracksters trekked to Fresno for the fabulous Relays last week, but the quartet got no better than a fourth place in the mile relay of the junior college class. The climax to an uneventful campaign comes for the resident's day after tomorrow in the Modesto Relays.

ODDS AND ENDS

Mardi Gras chatter is that everyone is going all out to make the carnival a big success. Five bands, no less, figure to be in the preactivities parade up Ocean avenue come the eve of May 27.

In the feet stamping department, the intersorority informal hop goes this Saturday night at the Century Club. Femme houses include the Alpha Lambda Chi, Theta Thau, Delta Psi, Zeta Chi, and Phi Beta Rho.

WATCH OUT FOR CHILDREN

More than 4,000 children were killed in automobile accidents during 1947, reports the National Automobile Club. Most of them were killed while playing along our streets and highways during the summer months. That is the time for motorists to use extra caution, to keep their eyes open for children who might dart into the street without warning.

Activities At S. M. Jaysee

The Pre Medical Club of the San Mateo Junior College will sponsor a college dance at the Devonshire Club in San Carlos this Friday evening with the event open to students and their friends and to high school students of the Peninsula. Tickets will be sold at the door. The dance is to raise money for the scholarship the club awards each year. Russ Headley and his orchestra will play for the dancing from nine to one o'clock.

Students at the college are hard at work planning and arranging their annual carnival, Funamania, which will be open to the public June 4. Herb Wegner is in charge of the committee and of the clubs which are helping organize the carnival events.

During the past few days a number of junior college classes have visited nearby places of interest: one group went into the Butano area, another gathered specimens on the beaches of the coastside, one went to the zoo in San Francisco, one visited Moffett Field, and other groups visited one of the big San Francisco banks.

With only a few weeks left to the spring quarter, the college adult center has passed the five thousand mark in enrollment, and is planning an abbreviated summer program. The canning center, which has helped numerous housewives to prepare their vegetables and fruits, is being readied for its opening in June.

This Saturday afternoon, San Mateo JC and Placer JC will meet in the baseball game that will decide the championship of the Northern California Junior College conference. Placer hold a 1-0 win over San Mateo, and San Mateo defeated Placer 4-2 in the other game; these two games were played at Auburn, Placer's home field. The game here will be at Fitzgerald Field, San Mateo.

Guessing Game

ESTIMATING sizes and distances calls for a sharp eye and a keen sense of proportion.

It might be a good idea if you get in a little practice yourself. It is important that you should be considered quite reliable in the matter of reporting such things as the size of a crowd, the speed of a passing car, the proportionate size of big buildings, the distance from one place to another, and the time taken to carry out an assignment.

As a guide to your estimating ability, try the following test. Write your answers on a slip of paper.

1. What is the height in inches of the kitchen table?
2. What is your reach (arms extended sideways from finger tip to finger tip)?
3. What is the combined weight of all the folks in the house?
4. How many panes of glass in the windows of your house?
5. How many board widths are there in the floor across the room? (Guess, don't count.)
6. Get a watch. Note the position of the second hand. Lay the watch down and estimate a minute without counting. Then pick up the watch and note how many seconds you were off.
7. A 10-cent piece is approximately three-quarters of an inch in diameter. The moon is over 2000 miles in diameter. How large does the moon look when compared with a dime held at arm's length? (As big as the dime, larger, or smaller?)

Now follow these instructions to calculate how good a sense of proportion you have.

Questions 1 and 2. You must come within five of the correct measurements to be considered correct.

3. Ten pounds out, under or over, is all you are allowed.
4. Get within six to score.
5. Get within eight to score.
6. An estimate within 10 seconds will save you this time.
7. Much smaller than a dime and you have to be right to score.

Before you tried this test, no doubt you thought that estimating approximate values would be a simple matter. But was it?

To score honors you should have had six or seven correct answers. Four or five right shows you have superior judgment. A score of two or three is average performance. Only one right or no score at all indicates you should practice estimating numbers and comparative sizes.

Teen Time

By Bess Ritter

MAKE your dates clear as to time, kind, and meeting-place. As an extra little courtesy, give the young lady a ring the day before, to remind her of the appointed hour. If you're unavoidably delayed, be sure to phone again, so that present plans can be revised. After all, it's no fun sitting around, chewing up a good manicure, while wondering whether you'll show at all!

If your club wants to raise money for something special, plan a Membership White Elephant Party. Each guest should bring something for which he has no further use. It must be in good condition and carefully wrapped. Auction these prizes off at the climax of the evening. Result—a treasury that jingles again!

Mrs. Ann Eason And Peter Markovich Ask For Voters' Support Friday In Election For High School Trustees

Incumbents Mrs. Ann Eason and Peter Markovich are seeking re-election May 20 as members of the board of trustees of Jefferson Union High School district.

Both incumbents have devoted a great deal of their time and energy toward the development of Jefferson Union High school into a school without a peer in San Mateo county.

The successful administration of any institution of learning depends upon complete harmony between the policy making board of trustees and functional administration of the administrative staff and faculty, all directed toward a sound education for the children the school must serve. Such service consists of a well trained administrative staff and faculty, adequate plant facilities, proper student transportation efficiently operating for the best education tax money can obtain.

Both Mrs. Eason and Mr. Markovich have worked seriously and without stint toward the above mentioned goals. Both have had several years experience in public school work as members of the board of trustees and related school agencies. Their devotion to the community is well illustrated by their volunteer work for the Community Chest drive, Cancer drive, U.N.N.R.A. drive and active P.T.A. participation.

Mrs. Ann Eason has lived in Daly City for 27 years, had three children graduate from Jefferson Union High school and watched the school grow from a small high school into one of the outstanding high schools on the peninsula.

Mr. Markovich is a graduate of the pioneer class of Jefferson High school. He continued his formal education at St. Mary's College, receiving a Bachelor of Arts degree. Mr. Markovich always has had a sincere desire to serve his high school as well as his community. He has served on the board of directors of St. Mary's College for 14 years, three years on the board of trustees of Jefferson Union High school, past president Daly City Merchants Association, chairman of the 1946 Red Cross drive.

These two incumbents represent the best in public service. Our schools depend on such public spiritedpeople for continued expansion and progressive administration. Our children deserve the best the electorate can obtain to direct the public will.

NEWS FROM THE SCHOOLS

JEFFERSON

Jefferson's baseball team, victorious over Crocker and Woodrow Wilson schools, is looking forward to winning the coveted baseball trophy for the second consecutive year. Prominent baseball players on the team are Jim Fernandez, Richard and Bobbie McDonald and Jack Plunkett.

In an endeavor to increase their knowledge of their science topic, "Water and Life," the seventh grade at Jefferson has secured, through the combined efforts of John Dennis, Jim Hutchinson and Bob McDonald, an aquarium complete with water plants, goldfish and fish food. The aquarium occupies a prominent place in the room and is under constant scrutiny by the Class. Reports are presented concerning the development of the marine life.

During the present semester, the sixth grade has been taking an imaginary trip around the Pacific. The children have taken a genuine interest in the lands which they have "visited" as well as in the native of these lands. Many bits of additional information have been added to their knowledge as they have had to work out problems connected with their "journey."

During a report about the ways in which the Islanders may send messages to the mainland the subject of the Trans-Pacific cable aroused their curiosity. As a result of the class discussion, A. B. Huntington of R.C.A. Communications Inc. came to the school to talk to them. The class prepared a list of questions so that they would be sure to ask about the things they wanted particularly to know.

In answering these questions Mr. Huntington gave some very interesting information and, by the clever use of stories, brought to the attention of the children the fact that the use of modern methods of communication can bring people closer together in time and understanding. The maps, pamphlets and magazines which Mr. Huntington brought are being enjoyed by all members of the class and will become a part of the classroom library to be used by other classes.

Jerrold Bocci and Roger Pesagno have made a large wall-map of the Philippine Islands. It will be used to illustrate the chief products which are raised in the islands for export as well as for use at home.

The fifth grade at Jefferson has been making a display of the different types of rocks and stones which have been brought to school by members of the class. Diane Giacchino, Sandra Stanghellini and Bernard Lemp brought rocks from their collections which had been brought from many different states. Nancy Hood brought some beautiful petrified wood to show to the class.

The fifth grade had a "musical" art lesson this week. As the recording machine played descriptive music and geographical areas and California historical characters were described, the children sketched pictures which they later colored. The result is an interesting display of California pictures.

CROCKER

Crocker students have again been very proud to sign the honor roll. Following is a list of the students from the various rooms whose names appear for the second six-week period: Room 1 — Virginia Aiello, Astrid Chun Fat, Betty Miller, Louise Banfield, Ida Pera, Dolores Armstrong, Dona Enge, Shirley Filippo, Pauline O'Connor, Harry Miller, Ronald Copp, Bob Stone, James Butenhof, Marilyn Pottinger, Lee Adele Gillan, Claudette Sargent, Peggy Lee, Margaret Moore, Joan Simanski, Robert Gehow; Room 6 — Carrol Bate, Billy Butler, Virginia Chan, Marcia Golden, Tom Haslett, Elaine Martinez, Beverly Broadbent, Charles Ciolino, Neil Lundy, Kenneth MacDonald, Martin Van Gundy;

Room 5 — Gary Carlson, Robert Church, Tom Costello, Louise Covell, Maxine Faulk, Emily Guido, Billy Jones, Dick Kalinin, Lois Kramer, Robert Langerveld, Margaret Michelson, Vita Midile, Harold Miller, Alice Quickert, Peter Roberts, Margaret Robertson, Ronald Harris, Barbara Hoerner, Lois Pera, Jackie Tollefson; Room 4— Leon Beristianos, Darlene Cecchi, Beverly Craig, Don Curry, Charles Erickson, Jo Ann Iverson, Charles Lewkowitz, Ralph North, Earlene Kendrick, Donna Odell, James Selsor, Michael Sibitz, Roy Bottarino, Robert Bridges, Donna Carlisle, Barbara Damele, Ruth Dean, Beverly DeNike, Brower Dimond, Sharon Hancock, John MacNichols, Jo Ann Meadows, Robert Pool, Carolyn Saumer, Patsy Seymour, William Willers, Richard Hiett;

Room 3 — Duane Anderson, Carol Arteseros, Joy Beecher, Judy Bower, Beverly Brewster, Barbara Broome, Phyllis Cormack, Ruth Fresenborg, Charles Halliday, Jacqueline Hansen, Billy Johnson, Jimmy Laumond, Nadine Rezendes, Joyce Rogers, Judy Stahl, George Chamberlain, Louis Cooper; Room 2 — Larry Hight, Dale Long, Lilliane Boynton, Bert White, Joan Mandel, Diana Pedroni, Robert Bailey, Beverly Wheeler, Grant MacNichols, Marilyn Aiello, Richard Marquez, Sharon Jonsane, Beverly Sundermann, Ben Trotter, Robert Grubb, Jacqueline Hulme, Harry Jepson, Donna Hiett, Ronald Cryer, Sharlene Weinberg, Richard Riley, Michael Rogerson, Patricia Bertelli.

Prospective Crocker graduates are already planning their high school course of study. Supt. Hannah of Jefferson high school gave the prospective graduates a brief orientation talk, as well as having taken a tentative registration and program for September, 1949. The poll taken shows that about one third of the Crocker graduates plan to attend college. However, the vocational guildance course given at the high school might arouse interest and encourage others to higher education.

Crocker School news for the past week indicates the emphasis being placed in all of the grades on the fundamentals of education during the present semester.

During their study of American history, students of Room 6 have learned that when Lincoln was elected president 11 states seceded from the Union. Also, that the actual fighting of the Civil War began with the attack on Fort Sumter.

President Lincoln issued his Emancipation Proclamation about two years after the start of the war. This proclamation freed the slaves in the seceded states but not elsewhere.

The pupils have learned that the battle between the "Monitor" and the "Merrimac" marked the end of the use of wooden ships as instruments of war.

The H7 class of Room 5 in its study of arithmetic has been applying principles learned by finding the cost of gas and electricity in the students' homes. Pupils have also investigated the cost of using electricity in large areas such as baseball fields.

The L7 class has begun its study of percentage. Students now know how to change per cents to decimal numbers and fractions, as well as how to change decimals and fractions to per cent.

Preparatory to a unit on Africa in social studies, the H7 and L7 classes were shown a movie on central Africa. Many points of discussion were raised for future study.

Sixth grade students are now being introduced to the subject of the division of fractions. High interest is being shown in the study of arithmetic in its application to practical problems.

Fifth and sixth grade classes of Room 3 are now able to demonstrate their knowledge of punctuation and grammar by taking dictation and writing original paragraphs and letters. Quotation marks and their use have proven particularly interesting to study.

L5 and H5 students of Room 2 are proud to eb able to display the "Thrift Banner" two weeks in succession. Possession of the banner indicates that the classes had the highest percentage of depositors for the week.

WOODROW WILSON

The first graders have been proudly displaying the health books they have just completed. The books contain pictures which each student collected and stories which the children printed. The class showed much interest in this project and enjoyed the discussions about the health rules they had learned.

Ludwell Sibley and Dixie Howell, in the high first grade, have been drawing a mural on the board which shows the topic of their latest unit. The class is studying about pets. They have been learning many interesting facts about how to care for their pets.

The fourth grade had a most enjoyable music appreciation lesson last week. After listening to Mexican music records, Lloyd Chiswick and Lee Casentini played a few numbers on the piano. Lloyd Chiswick is a new member of our class. He formerly lived in Honolulu, T. H.

Dan Anderson, formerly of San Francisco and Robert Rands, of Ririe, Idaho, were welcomed to the Jefferson fourth grade this week.

DRIVE BEGINS TO UNITE OLD AGE PENSIONERS

The most intensive local membership drive in the history of the Citizens' Committee for Old Age Pensions will be outlined at a special community mass meeting to be held on Wednesday, May 25, at 1:30 p.m. at Masonic Hall.

Local areas, neighborhoods, precincts and blocks are to be organized, and committees formed in a campaign to bring every old age and blind pensioner in the State into the Citizens' Committee for Old Age Pensions and fight the powerfully financed movement to repeal XXV of the California Constitution, by which aged and blind pensions were greatly increased and liberalized through a vote of the people last November.

At the same mass meeting — to which admission is free — plans will be formulated for the local advertising and publicity of George H. McLain's important daily radio broadcasts from Sacramento. McLain, chairman of the Citizens' Committee, discusses the problems of the needy aged and blind every afternoon at 3:45 except Saturdays and Sundays, and their solutions through political, educational, social and cultural action.

McLain's newest series of addresses center about the suits he has brought against the attorney general and secretary of state of California to keep the repeal measure off the ballot as being unconstitutional.

A Joss House, erected by the Chinese inhabitants of Weaverville, in 1875, still stands.

Did you ever realize that P. G. and E. is a local merchant in your community?

It is just that! P. G. and E. sells gas and electricity through its "stores" in almost every Central and Northern California community. Instead of trucks or delivery boys it uses pipe and wire to deliver its "merchandise" to your home or place of business.

Like other local merchants, P. G. and E. owns or rents stores, employs local people and pays taxes. Actually, it's one of the largest local taxpayers in your community. Twenty-nine cents of every dollar of its revenue goes for taxes — federal, state or local.

P. G. and E. payroll dollars are spent and go to work *locally* for food, rent, clothing, amusements, and for other things that other local merchants have to sell.

P. G. and E. people are active in local first aid training, civic groups and welfare organizations. Like other merchants, P. G. and E. is a good citizen and a good neighbor.

for the record

Our postwar construction program has created 7,000 jobs, more payrolls.

It has put half a million new electrical horsepower to work for you.

Another 1½ million horsepower is on the way. That means still more jobs, still more payrolls.

Mrs. Audrey Larson Wins Medal In Photography Show

Mrs. Audrey Larson of 391 Woodrow street, won her first honorable mention medal recently when she entered a print in the Salon of Marine Photography in Newport News, Virginia.

Making photography her hobby for the past six years, this was the first time she had made entry in any contest. Mrs. Larson uses a Graflex camera and particularly likes to do portraits of children.

The picture that won Mrs. Larson honorable mention was of a small fishing boat in dry dock at Fisherman's Wharf. The picture was taken on the spur of the moment when the family was on an outing to Fisherman's Wharf.

FAIR PLAY

Turnabout is definitely not fair play when the turnabout is made in traffic without a hand signal given in ample time to warn others. Proper signalling of your intention is both a legal requirement and a highway courtesy which helps to prevent traffic accidents, says the California State Automobile Association.

FORCE OF IMPACT

If two cars traveling at the moderate speed of 40 miles per hour meet in head-on collision, the force of impact is equivalent to a speed of 80 miles per hour, points out the California State Automobile Association, which urges drivers to keep this fact in mind when passing other cars on crowded highways.

TROUT LIMITS TAKEN

Anglers along the Kern River in Kern county have been taking lots of limits of trout during the past week, reports the National Automobile Club. Most anglers have been using bait.

'49er Village At Modesto

Stanislaus County's Centennial Celebration May 16-22 will center in a '49ers village to be erected in the county courthouse square. Each city in the county will sponsor one of the buildings. The celebration will be marked with folk and square dancing, a parade, rodeo, and the California Relays.

MOST MISPRONOUNCED NAME

Taos, the summer resort village located in northern New Mexico, is reported by the National Automobile Club to have one of the most mispronounced names on the American map. The name of this village should be pronounced to rhyme with "house."

COURTEOUS DRIVING

Courteous driving can help reduce the tragic accident toll on our streets and highways, declares the National Automobile Club. Letting the other fellow have his way will only cost you a second of your time. Not letting him have his way may very well cost you your life.

SUNSET CRATER NATIONAL MONUMENT

Sunset Crater National Monument is reported by the National Automobile Club to be a cone-shaped crater of volcanic cinder located near Flagstaff in Arizona. Gray at the base and tapering to a red tip, the cone reflects the rays of the sun with gorgeous effect.

BAY AREA REVEALED AS RICH MINE COUNTRY, TOO

The San Francisco Bay Area was revealed this week as a rich mining country, in addition to its more recognized importance as an industrial, marketing and business center.

A survey by the Bay Area Council disclosed the nine counties poured $37,374,920 of underground wealth into the coffers of the nation in 1947. The area produces natural gas, salt, stone, clay products, sand, gravel and mercury and is an important salt producing district.

New Foreign Arts Will Enhance S.F. Shrine Circus

Abundant new acts, many of them from abroad, give a "better than ever" promise to the ninth annual Islam Shrine-Polack Bros. Circus, which opens in the San Francisco Civic Auditorium Thursday, May 19, and continues, afternoon and night, through Sunday, May 29. Such is the assurance of Edward L. Siller, potentate, and Sydney W. Miller, circus chairman.

Vicki Berosini, youngest member of the Berosini high-wire troupe, to be seen with the ninth annual Islam Shrine-Polack Bros. Circus in the San Francisco Civic Auditorium May 19-29.

Topping the roster of talent are the Rose Gould Trio of daring adagio aerialists, starring the soaring Viennese venus of the air; Barton the Great, the man who stands on one finger; the Seven-Ward Bell Flyers in double-daring mid-air revolutions; the spectacular High-Wire Berosinis; the Bogino Family of seven whirling Italian acrobats; the Four Cycling Sidneys; Natal, the monkey-man, and Chai and Somay, Chinese gymnasts.

Appealing trained animal acts include the M-G-M movie elephants of Tarzan fame; Roland Tiebor's educated sea lions with 1½-year-old Baby Sadie; Alexander Konyot's celebrated dressage horse, Kalarama Jr.; the famous Black Horse Troupe; Roberta's dog and pony revue, and Gudzov's somersaulting Scotch collies, newly arrived from London.

Paced by the stirring rhythm of circus band music, the performance is punctuated with frequent comedy interludes by an augmented complement of circusdom's funniest clowns.

Performances will be given nightly at 8:15, with matinees at 3 o'clock school days and at 2:15 Saturday and Sunday.

Fourth Annual All-Star Game Is Slated For June 1

Arrangements were completed this morning for the fourth annual North-South Prep All-Star baseball game at the San Jose Municipal Stadium on Wednesday night, June 1.

Players from San Mateo, Burlingame, Sequoia, Half Moon Bay, Serra, Palo Alto, Mountain View, Washington of Centerville, South San Francisco and Jefferson of Daly City will make up the North roster.

The South team will be made up of boys from San Jose, Lincoln, Fremont of Sunnyvale, San Jose Tech, Bellarmine, Campbell, Los Gatos, Live Oak of Morgan Hill, Gilroy and Santa Clara.

A panel of outstanding major league scouts and college coaches will choose the top player on the night of June 1. The outstanding boy will win a free vacation trip anywhere in California. All expenses of the vacation will be paid.

Coach Elmer Johnson of Santa Clara High School will pilot the South team in the annual prep classic.

Each all-star team will be made up of 15 players. There will be two catchers, four pitchers, five infielders and four outfielders.

YMI COUNCIL SPRING DANCE AT TANFORAN

Mayor Leo Ferko of South San Francisco heads the committee for the annual South San Francisco YMI Council Spring Dance at Tanforan race track Saturday evening, June 4.

Phil Bodley and his orchestra will play at the dance. Bodley was a member of the Anson Weeks orchestra for 10 years and was associated with the Benny Goodman organization for a short time.

Assisting Mayor Ferko on the dance committee are Councilman Adolph Sani and businessman Ernest Bonalanza. Arthur Rodondi is president of the council.

This year the YMI is holding the dance for the benefit of the All Souls School now under construction. The parochial school is expected to be open this September.

Parking will be no problem to those who attend the dance. The large Tanforan parking area will be open to the 1500 persons expected to attend the dance.

Tickets may be secured from any member of the South San Francisco council. J. Bonalanza is chairman of the ticket committee.

S.F. Gold Rush Center Nearing Completion

The three Gold Rush Centennial center buildings in Portsmouth Plaza are rapidly nearing completion and a gala July Americarnival will serve as their formal opening to the public.

The buildings reproduced in the Plaza are the first school house, the Mexican Customs House and the Dramatic Museum — the city's first opera house.

On June 9, 98th anniversary of the founding of San Francisco's first Vigilance Committee, the Gold Rush Centennial Committee will install the famed Vigilance Bell at the Plaza. The bell is being loaned for the next two years by the Museum of Science and Industry.

To commemorate the 100th anniversary of the first public entertainment in San Francisco, June 22, 1849, there will be appropriate ceremonies in the little school house where Stephen Massett presented his one-man show.

Gunning for Chimp-ionship

Baseball gets its share of monkey business as these chimps try to become champs. Considering their arborial past, it's doubtful if they'll ever get out of the bush leagues, but umpire Nero and catcher Tommy strike near-professional poses as batter Cookie correctly terms the pitcher a "big baboon."

Miners Converge On Fair Oaks This Week

Miners and prospecters from all parts of California and neighboring states will converge on Fair Oaks this week end for the Fair Oaks Centennial Fiesta, May 20, 21, 22.

The three-day celebration will feature a national gold panning contest, national hard-rock drilling contest, and an exhibition of gold bearing ores and gold products.

Among the exhibits will be a model gold dredge, loaned by the Yuba Manufacturing Company of San Francisco, which has not been on public display since the San Francisco World's Fair. Sacramento lapidaries will exhibit minerals and demonstrate stone cutting methods, and there will be an exhibition of modern methods of prospecting for uranium ores.

This is a well-intended courtesy, but don't accept the invitation blindly, urges the California State Automobile Association. Oakland Antiques Show Will Benefit Children's Hospital

This week end, May 19-22, finds the Oakland Exposition buliding, 10th and Fallon streets, transformed into a colorful market as the first annual Oakland Antiques Show is staged for the benefit of Children's Hospital of the East Bay.

Dealers from all parts of California, and from as far East as Minneapolis, Minnesota, have entered displays. Special decorations have been arranged to make the show one of the most unusual antiques shows ever staged.

Exhibits of dolls, paintings, antique automobiles, furniture, china, glass and art objects are featured. A fashion show of old-time modes was scheduled for the special-events preview of the four-day show.

Hours have been announced as 8 p.m. to 11 p.m. Thursday, and 12 noon to 10 p.m. Friday, Saturday and Sunday.

The Exposition building, served by the "A" Key Route train from San Francisco, and by numerous local buses, is located in an area where adequate parking facilities are available without charge.

Admission to the show will be 75 cents at all times. All proceeds will go to the Children's Hospital of the East Bay, whose Redwood Branch is sponsoring the event. The hospital, located at 51st and Dover streets, Oakland, is a non-profit institution providing care for youngsters from all parts of California.

MONO COUNTY TROUT

Trout in the lower waters of Mono county have been offering anglers fair to good sport during the past few days, according to the National Automobile Club. Some very good catches have been taken from Lake Crowley and Owens River.

Promising

Johnny Groth, above, 23-year-old rookie who banged out six hits (including three homers) in his first nine trips to the plate, "will take care of Detroit's center field problems for at least the next 10 years," says the Tigers' general manager, Billy Evans. Groth, who hit .340 with Buffalo last season, appears headed for the Rookie of the Year slot.

TRAFFIC COURT

Pleading guilty to drunken driving without a license last week was William Montoya of 33 Tallwood drive who was fined $100. Montoya was also given a 30-day suspended sentence by Judge Wiilliam Sweeney and was put on a year's probation.

Fined for permitting an unlicensed person to drive was Ernest Joe Sanchez, who loaned Montoya his car.

Forty-eight motorists were fined for violating speeding limits in Daly City last week. They included Ernest Adams, $7.50; William Alaimo, $2.50; Canstance Anderson, $5; Betty Auguston, $2.50; S. Barnblatt, $5; James Bartlett, $5; John Barton, $10; Romolo Broschi, $5; Lloyd Dodge, $7.50; Robert Elmore, $7.50; Thomas Fishel, $5; Jack France, $5; Grace Garrison, $5; Ralph Godsy, $7.50; Roscoe Groo Jr., $7.50; Gerard Guddee, $7.50; DeForest Hamilton, $5; Robert Harker, $7.50; Andrew Harvey, $7.50; Finn Hope, $2.50; Aaron Johnson, $7.50; Fred King, $15; Frank Wills, $7.50; Emma Lebenyon, $5; Abraham Labell, $7.50; Francis Lucchio, $7.50; Barbara Lyons, $5; Howard McGee, $5.

Harry Marshall, $7.50; Brynnt Matthews, $5; David Moomie, $10; Dorothy McCallum, $7.50; Margaret O'Keefe, $7.50; Samuel Pond, $5; Emmett Ridgeway, $5.

Jessie Rogers, $5; William Rayer, $7.50; Isabelle Scheck, $7.50; Robert Sevier, $7.50; Raymond Squeri, $2.50; Jack Stafford, $7.50; Arthur Stephens, $5; Maynard Taulman, $7.50; Anthony Tiron, $2.50; John Ventura, $5; Margaret Viviani, $5; Donald Wemple, $2.50; Charles Yates, $15.

Fined for violating parking ordinances were Jack Stringer, $1.50; Jewel Tea Co., $1.50; Glenn Charlton, $1.50; Vincent Gonzales, $5; Gordon Goodhue, $2.50. Going through signals were Vivian Baca, $2.50; Ernest Belleveau, $2.50; Pierce Feeny, $2, and Richard Morning, $2.50.

John Jensen was fined $5 for driving with an expired license.

RIGHT OF WAY

Always remember that moving traffic has the right of way when you are pulling out into a traffic lane from a parked position. Before you start, look for approaching cars, signal your intention and move slowly into the traffic stream, advises the California State Automobile Association.

CHECK COOL TIRES

If automobile tire pressure is lowered to factory recommendations when tires are hot from fast driving, there is danger of under-inflation after the tires have cooled. Because air expands when hot and contracts when cold, tire pressure should always be checked when tires are cold. Low pressure type tires may show a pressure increase of from 6 to 10 pounds after a fast drive on a hot day.

County Quota In Cancer Drive Has Not Been Reached

Mrs. Ralph J. Tucker, commander of the San Mateo County Branch of the American Cancer Society, stated today that the county's quota of $30,000 has not yet been attained, but contributions are still coming in. "When the 1949 drive started," Mrs. Tucker said, "letters were mailed to thousands of San Mateo county residents. These letters contained return envelopes for convenience in sending checks and to request any of the numerous leaflets on cancer which the Society publishes.

To date 1257 leaflets have been sent out in answer to these requests. The two most popular have been "How Your Doctor Detects Cancer" and "Who, What, Why, When of Cancer." These pamphlets are available to anyone interested and may be obtained by writing the office of the American Cancer Society, 18 Second avenue, San Mateo.

HERO of the Month
AS SELECTED BY THE DAV

BILL VEECK

GENE BEARDEN

A plate in his skull and knee as mementoes of a ship that was torpedoed by the Japs in 1943 didn't stop Gene Bearden of Long Beach, California, from pitching the Cleveland Indians to a world championship over the Boston Braves last year.

And a missing right leg—missing because of anti-aircraft guns on Bougainville—and long periods of hospitalization didn't stop Bill Veeck of Cleveland from building and promoting the Indians as club president to the same World championship.

For courage and valor in overcoming their war handicaps to standout in major league baseball along with the heartiest of the able-bodied, the Disabled American Veterans has selected Veeck and Bearden as its "Heroes of the Month."

The selection is part of a national program to honor each month a seriously disabled veteran who has successfully rehabilitated himself.

This marks the first dual selection and presentation of the achievement award will be made at Cleveland Stadium during the 1949 national DAV convention in Cleveland, August 14-20.

Bill Veeck, president of the Cleveland Indians, enlisted in the Marine Corps early in 1943. He was wounded when the recoil of an anti-aircraft gun on Bougainville shattered his right foot. After long periods of hospitalization Bill was released. Orthopedists decided that the leg would have to come off.

Less than three months after the amputation of his leg Veeck gave a dance to celebrate delivery of his artificial limb. He has refused to allow his disability to hamper his promotional efforts which resulted in a world championship for Cleveland a little over two years after he bought a fourth place ball club.

Chicago born, 35 year old Veeck learned his baseball at an early age. His father was president of the Chicago Cubs and in addition to duties at Wrigley Field, young Veeck added to his baseball experience by building the Milwaukee Brewers of the American Association to a pennant winning team.

Veeck is a life member of the Disabled American Veterans.

Gene Bearden, 28, was born in Lexa, Arkansas of Indian, Irish and Scotch ancestry. He is married and has two sons.

He enlisted in the Navy in 1942 and shortly after was assigned to the Helena. He was in the engine room of the Helena when she was torpedoed by the Japs Bearden was carried unconscious from the doomed ship and put in a life raft. He was in this rubber raft for 18 hours before being picked up by a destroyer.

Bearden received emergency treatment on the island of Vella Vella and subsequently spent a lot of time in various naval hospitals. He was awarded the Purple Heart and plates in his skull and knee.

Just about a year ago Gene Bearden was putting everything he had on every spring training pitch to make sure that he'd still be with the Indians when time for cutting the squad arrived a few days hence. Yet, just five months later, the name of this unheralded rookie was on every tongue in the nation. He had personally hurled Cleveland to its first pennant in 28 years.

Bearden came up the hard way—through the Philadelphia Athletic and New York Yankee baseball farms, always plugging away for a chance in the majors.

But when his chance came, he delivered. Sportswriters last year voting in the Associated Press poll named the 200 pound Cleveland pitcher "Rookie of the Year."

Young Democrats Oppose Attack On Prop. No. 4

The Young Democrats of California, Inc., announced today the organization has gone on record as bluntly opposing the current attack upon Article XXV of the Constitution, formerly known as Proposition 4, which created the state's increased old age and blind pensions.

According to Edward Friedland and Rolland Truman, northern and southern California organizational division chairmen, respectively, the statewide group is urging all its members and friends to help defeat the "repealer" attempt.

In its formal resolution, the Young Democrats firmly resolved that:

"The executive committees of the Young Democrats of California, Inc., acting jointly as northern and southern California committees, do call upon the senior Democratic State Central Committees . . . . to oppose and defeat the current political promotion to repeal Constitutional Article XXV . . . "

The group asked also that the aid of "each and every Democratic County Central Committee, and each club and organization of Democrats throughout our state" should be forthcoming to win the battle.

In addition, the Democrats' resolution resolved:

"That we request such opposition be stated in resolutions passed at the next regular meeting of the various Democratic organizations, and that said resolutions speak against this manner of attack on democratic processes as represented in the right of a law passed by the majority to function."
